Value Proposition Worksheet

Stage 4 · Value

WORKSHEET GUIDANCE

Connect the primary user and problem to a meaningful outcome. Describe value without relying on a feature list.

For [primary user] who [problem]…

…the product helps them [desired outcome]…

…by [high-level approach, not a feature inventory].

Main benefits (functional, emotional, social, economic)

Main job the user is trying to get done

Strongest alternatives / competitors / workarounds

Value Proposition Worksheet

Stage 4 · Value

WORKSHEET GUIDANCE

Connect the primary user and problem to a meaningful outcome. Describe value without relying on a feature list.

CONTINUED · E = Evidence | H = Hypothesis | D = Derived | O = Open question

Differentiating promise / USP

Why might the user choose this over alternatives?

What evidence supports the value claim (E)?

What value assumptions remain untested (H)?

How could you test demand or willingness to switch?

One-sentence value proposition (final draft)
