MVPCompanion

FROM IDEA TO MVP

MVP Scope & Exclusions Template

Stages 8 & 15 · Scope and MVP Boundary

WORKSHEET GUIDANCE

Derive capabilities from Core Jobs, then define the smallest coherent MVP. Make exclusions explicit.

Primary value promise and target user

Prioritized Core Jobs this MVP must support

Must Have capabilities — why is each essential?

Should Have capabilities — why not essential for first learning?

MVP Scope & Exclusions Template

Stages 8 & 15 · Scope and MVP Boundary

WORKSHEET GUIDANCE

Derive capabilities from Core Jobs, then define the smallest coherent MVP. Make exclusions explicit.

CONTINUED · E = Evidence | H = Hypothesis | D = Derived | O = Open question

Later — useful but deferred

Not in MVP — explicit exclusions and rationale

Feature-to-job traceability (capability → Core Job)

Dependencies / sequencing constraints

Does the remaining scope deliver an end-to-end core journey? Explain.

MVP boundary statement: what is the smallest useful product?

Build/test constraints, risks and unresolved decisions
